

Saw bag and accessories**PHOTOS**

Dimensions: (850x225x230) mm
Weight: 2250 g

Length and weight tolerances are $\pm 2\%$. Due to continuous product development, product appearance may differ slightly from that shown in the photos.

CHARACTERISTICS

The bag is made of highly durable polyester fabric, resistant to damage during transport and use. It features a handle for carrying it horizontally. The bag closes with a zipper. Rigid compartments inside the bag allow for the proper storage of the saw and other accessories: remote control, charger, oil, batteries, etc. The case also features polyurethane foam inserts to prevent mechanical damage to the equipment.

APPLICATION

The bag is designed for proper transport, storage and sorting of the cordless chainsaw intended for cutting branches near power lines and its accessories.

STORAGE AND MAINTENANCE

Keep the bag clean. To clean the exterior, use warm water (up to 40°C) with a mild detergent. After cleaning, dry thoroughly. Clean the interior surfaces and foam inserts with a brush or vacuum cleaner. Store the suitcases in a dry place, away from heat sources, in a non-chemically aggressive atmosphere. Protect from sunlight.

Saw bag and accessories**EXAMINATION**

Before placing any equipment in your suitcase, remove any dirt. Ensure that all items are placed exactly in their designated locations. Periodic inspections, consisting of visual inspections, should be conducted annually. This inspection includes checking:

- the exterior and interior surfaces of the suitcase; these surfaces should be clean and free from damage or other visible defects;
- the condition of the suitcase's fasteners and handle;
- the cleanliness and integrity of the compartments and foam inserts.

If any moisture occurs (especially the interior surfaces and foam), dry them thoroughly.

FREQUENCY TESTS

For check and periodic inspection to be carried out in according to table.

	CHECK	PERIODIC INSPECITON
Who	User	Supervision
When	Before each use	Once a year
How	Visually (visual inspection)	Visually (visual inspection)
